

MANUFACTURED

affordability

***Over the years, we've built a reputation
for manufactured homes that satisfy.***

Our quality manufactured homes are built to last beautifully, and we offer a variety of floor plans up to 2,100 sq. ft. Best of all, these lovely homes start at an amazingly low price given today's inflated housing market.

Call today to hear more about our manufactured homes. We'd be happy to answer your questions, send you additional information or schedule a model walk-through right away!

Belden Home Sales, Inc.
