

ANIMAL SHELTER OF SCHOHARIE VALLEY PET OF THE WEEK

Letty is a 4 year old spayed female pit bull. Letty has had an incredibly rough run on her life so far. This poor love bug has been passed from home to home before we took her into the shelter. In the past few years Letty has had more than 4 homes. Letty has already been here for over 9 months now. We would like her to find a loving home as soon as possible! Letty is not kenneling well as the environment is incredibly stressful. Letty needs a bit of leash work, but we are currently in the process of helping her get better! Letty loves to play and would be good for an active family that likes to go hiking or camping! She loves to go for walks and loves to be by people's side. Letty will need to be your only pet as she wants to be the queen bee and center of attention. Letty is great with people and has been around children, but due to her power we are saying no children younger than 10 as a precaution.
