Rogers Center Dedicates Hall of Trees at Fall Festival

On Saturday, September 27th, the Friends of Rogers hosted their annual Fall Festival at Rogers Environmental Education Center. The event centered around care, community building, and the dedication of the Hall of Trees to Fred von Mechow. Fred served Rogers Center as an environmental educator for twenty-three years, and planted the trees that now stand tall along the stately walkway that leads visitors from the parking lot to the Visitor Center.

This year's Fall Festival coincided with National Public Lands Day, the nation's largest single-day volunteer event for public lands. Over 30 volunteers from the community contributed to pollinator habitat creation at Rogers Center. Participants planted wildflower seeds, and made corn husk dolls with Doris Wilkins-Wilt of the Oneida Indian Nation's Shako:wi Cultural Center. Information on forest and land stewardship was made available thanks to Paul Romanenko and the Department of Environmental Conservation's (DEC) Division of Lands and Forests.

After a delicious grilled meal, the festivities shifted from land stewardship to ceremony. All shared in the blessing of words and wisdom from Ron Patterson of the Oneida Indian Nation as he opened the dedication with a moving land acknowledgement. Current and former Rogers staff then shared memories of Fred from his decades of cherished connection with Rogers Environmental Education Center.

Finally, Ron Patterson and Fred von Mechow dug into the earth together, and led the planting of a White Pine sapling in the Hall of Trees. The new addition is known as the Tree of Peace, a symbol of unity for the nations of the Haudenosaunee Confederacy. The White Pine's presence in the Hall of Trees acknowledges the vital and continuing role of the Oneida Indian Nation at Rogers Center.

"We honor Fred's legacy through both our words and our actions. It was a pleasure to host him once again in the place where his life and work continue to inspire future generations," said David Carson, Executive Director for the Friends of Rogers.

Rogers Environmental Education Center is one of four New York State DEC environmental education centers. The mission of the Friends of Rogers is to provide outstanding educational opportunities that excite, inspire, and motivate people of all ages to enjoy, understand, appreciate, and protect our natural environment. ➡

in the battle against breast cancer, early detection is a woman's most powerful weapon. In fact, according to the National Cancer Institute, when breast cancer is detected in an early, localized stage, the five-year survival rate is 98 percent. That's why it is so important for all women to make breast health awareness a regular part of their healthcare routine.

A mammogram can detect breast cancer in its earliest, most treatable stages, and many major health organizations recommend annual mammogram screenings for women beginning at age 40.

Experts also recommend clinical breast exams and breast self-exams to check for breast abnormalities on a regular basis. Any woman noticing unusual changes in her breasts should contact her healthcare provider immediately. Women of all ages should speak to their doctor about his or her personalized recommendations for breast cancer screening.

Celebrate the Season with Animals of Halloween at Rogers Center

SHERBURNE, NY - It's that time of year again— Friends of Rogers Environmental Education Center is hosting its annual Animals of Halloween on Saturday, October 25th from 3-6 PM. This free, family-friendly event features animal actors on the Rogers Center trails, performing fun skits which pay tribute to NY wildlife. Each tour concludes at the outdoor amphitheater, where guests can enjoy live music by the campfire with local musician Jenni Larchar.

This year, Animals of Halloween will feature additional entertainment in the Rogers Center outdoor classroom. Along with the traditional cider and donuts, attendees can get into the enchanted spirit of Halloween with Magical Comedy performed by Jim Okey. The event will also feature kids crafts, face-painting, and a festive photo booth.

In the case of rain, all festivities will commence from 3-4:30 PM in the shelter of the outdoor classroom.

“We’re looking forward to celebrating the season with the community, and the terrific actors who volunteer their time and talents every year,” said Ariah Mitchell, Rogers Center Education and Communications Associate.

Registration is not required, and donations are suggested to support the continuing legacy of this beloved community event. Rogers Center is located at 2721 NY-80, Sherburne, NY.

The Friends of Rogers mission is to provide outstanding educational opportunities that excite, inspire, and motivate people to enjoy, understand, appreciate, and protect our natural environment. ➡

LOOKING FOR AN AFFORDABLE USED CAR?

SICK OF BUYING rusty junk off of an individual or online and then spending more than you paid for it trying to get it functional or to pass inspection? At Central Auto Sales I take pride in buying quality cars that are still in excellent condition that can supply you with many miles of service in the future. I typically buy my cars from states south of NY to avoid the rust associated with local cars. I have a nice selection of cars in the affordable \$4-6K range, most are low miles or low miles for the age. I'm a lifetime resident of Norwich. Buy from someone local. No pressure, no fancy hype, just quality cars at fair prices! Central Auto Sales LLC, 429 Manley Road, Norwich. www.centralautosalesllc.com 607-336-6371.
